Dear Director General Lapeña,

*Continued Certification to ISO 9001:2008*

The continued certification of your quality management system (QMS) to ISO 9001:2008 is hereby approved by Certification International Philippines, Inc. This reconfirmation was based on the results of the third surveillance audit of your QMS on 28 September 2016 and the improvement action on the single non-conformity that was raised at that audit. The effective implementation of the improvement actions on reports LGR-01-SV3 from September 2016 and BCC-01-S2 and BCC-02-S2 from March 2016 will be verified on the fourth surveillance audit.

The audit found your QMS maintained in accordance with the requirements of ISO 9001:2008. It reported the strengths of your QMS and the activities that have been initiated by your different departments to meet their quality objectives, ensure external and internal customer satisfaction.

Finally, we encourage your management team to consider the opportunities for continual improvement that were discussed during the audit. We anticipate that your appropriate actions on these would escalate the effectiveness of your QMS as a tool for continual improvements and as a guide for meeting organizational performance objectives. Subsequent audits will track the progress and results of these improvement actions.

Very truly yours,
