Dear Director General Lapeña,

Continued Certification to ISO 9001:2008

Based on the results of the fourth surveillance audit on 10 March 2017, the continued certification of your quality management system (QMS) to ISO 9001:2008 is hereby approved by Certification International Philippines, Inc.

The audit found your QMS maintained in accordance with the requirements of ISO 9001:2008. It reported the strengths of your QMS and the activities that have been initiated by your different departments to meet their quality objectives, ensure external and internal customer satisfaction.

Finally, we encourage your management team to consider the opportunities for continual improvement that were discussed during the audit. We anticipate that your appropriate actions on these would escalate the effectiveness of your QMS as a tool for continual improvements and as a guide for meeting organizational performance objectives. Subsequent audits will track the progress and results of these improvement actions.

Very truly yours,
CERTIFICATION INTERNATIONAL

RENATO V. NAVARRETE
Chairman and President

Note: Certification International had been rebranded as SOCOTEC Certification International but our company name is retained as Certification International Philippines, Inc.
